**REMARKS**

Claims 1 - 10 are pending, and have been indicated as containing allowable subject matter. As this is a Quayle Action, the only remaining issues revolve around formal matters. The Examiner objects to the drawings as allegedly failing to show Figure 16 as prior art. Attached hereto is a drawing amendment providing correction to Figure 16 by a legend as Prior Art.

The Examiner has also objected to the title as allegedly being non-descriptive. It is respectfully submitted that the enclosed amendment obviates this issue.

With respect to the objection to claims 1 and 6, the Examiner alleges that the terms "row and column" should be "rows and columns" to be consistent with page 9 of the specification. However, as disclosed in line 2 of page 9, "row or column" is supported and consistent with claims 1 and 6.

Having fully responded to all matters raised in the Office Action, Applicants submit that all claims are in condition for allowance, an indication for which is respectfully solicited. If there are any outstanding issues that might be resolved by an interview or an Examiner's amendment, the Examiner is requested to call Applicants' attorney at the telephone number shown below.

To the extent necessary, a petition for an extension of time under 37 C.F.R. 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 500417 and please credit any excess fees to such deposit account.

Respectfully submitted,
